LARISSA FALLEN!

Such is the Startling Rumor From Abroad.

But it Lacks Confirmation and May be False.

General Garibaldi Goes to Greece's Assistance

And Italy Sends Others on the Same Mission.

The Greeks Destroy Imaret, a Turkish Fort.

Graphic Description of the Situation as Viewed by Correspondents Who Are on the Field.

SALONICA, April 21.—It is rumored here that the Turks have captured Larissa. The report should be accepted with reserve.

ITALY TO THE RESCUE.

ROME, April 21.—Ricciotti Garibaldi, son of the famous General Garibaldi, accompanied by a Garibaldian veteran, Colonel Gattano, has sailed for Greece, where he will take part in the war against the Turks. Several steamers at various places along the Italian coasts are embarking men who have volunteered their services to Greece for the war.

GREEK FLAG OVER FILIPIADA.

ATHENS, April 21.—5 p. m.—Colonel Manos, in command of the Greek army operating against the Turks in Epirus, telegraphs that he has destroyed Imaret fort and has advanced without opposition to Filipiada, which place the Turks abandoned after baring it. Colonel Manos has hoisted the Greek flag over Filipiada.

THE GENERAL SITUATION.

ATHENS, April 21.—The war on the frontier continues with undiminished fury, and all along the line, from the Gulf of Salonica, on the east to the Gulf of Arta on the west, a desperate struggle is going on for the mastery.

The advance of the Turkish forces on Tyrnavo has not been seriously checked, though from Greek sources comes many claims of victories. Those, however, are of small importance compared to the information that the Turks are invading Tyrnavo. Tyrnavo is about three leagues northwest from Larissa and was deposited upon by the Greeks to seriously hamper any attempt that would have been made by the Turks to approach Larissa.

Immediately after their disastrous defeat at Milouna Pass, the Greeks fell back to Tyrnavo but the Turks closely followed them and began a vigorous cannonading of the position. Tyrnavo's fall will make it next to impossible for the Moslem advance upon the Greek military base at Larissa to be stopped. Larissa is poorly fortified and it may become necessary for the Greeks to precipitate a pitched battle with the Turks on the plains that lie between Larissa and the Macedonian frontier. If such an event occurs it will be the greatest military struggle in the history of the world.

The Greek forces, after a terrific battle, have managed to get through to the plains of Damasi, in Macedonia, meantime bombarding and destroying the small village of Viglia, half a dozen Turkish batteries and killing over 200 Turks. The Greek loss was light. About 300 Turks were taken prisoners at Viglia.

The pass at Reveni, a few miles northwest of Tyrnavo, where there are as many as 40,000 Turks under the personal direction of Edhem Pasha, has been the scene of the fiercest fighting of the war. This horde of moslems, singing and chanting war songs, reached from Revni to Boughese, and for the past three days have unremittingly endeavored to obtain a free road to the Thessalian plain.

Twenty thousand Greeks, under the direction of Prince Constantine, have as steadily fought and struggled to keep back the Mohammedan stream, and have thus far succeeded.

On the gulf of Arta, the Greeks are having things pretty much their own way. Turks at Arta attempted to cross the Arakzthus river despite the fire of the Greek Artillery. This was magnificently handled, however, and the Moslems were mowed down by the score, the river being literally filled with the sultan's soldiers. Staggering under their awful defeat the Turks retreated.

Colonel Manos, in his invasion of this part of Epirus, has been very successful. He has occupied several villages with but slight resistance, and has hastily fortified them. There is hardly any obstacle to his advance northward into Albania and towards Yanini, where a great battle may be fought. After retreating the Turks attempted to successfully bombard Arta, using nearly 100 pieces of artillery in the operation. But, it failed, their marksmanship being bad and the range too great.

The squadron of ironclads which left the Peraeus under sealed orders is likely to strike some bold blow though it is generally believed it is bound for Selonica, which it will bombard, and where it is hoped to cut off the base of supplies of the army under Edhem Pasha. The second squadron composed of a frigate, two corvettes, three armed transports and one torpedo boat have left the Golden Horn. Other Turkish vessels are still under the guns of the Dardanelles forts.

KING GEORGE INTERCEDES.

PARIS, April 21.—The correspondent of La Journal at Athens had an interview with King George of Greece at the palace yesterday. His majesty is quoted as saying that he believed to the last moment that peace would be maintained and he would do his utmost to bring about a pacific solution of the matter in dispute. The king denied that Greece commenced hostilities against Turkey, and argued that Turkey was not compelled to go to war because of the incursion of a few insurgents, whom nobody could have restrained. Continuing, King George said:

"The truth is, we were attacked because Turkey was ordered to attack us. There never would have been war but for certain intrigues which will appear later. All the powers are more or less against us. If they wanted war, they have got it. Such is the result of the European concert. Europe must understand that after forcing us to war there can be no question of limiting it. Our fleet is destined to take an important part, as will be soon learned. Greece understands that she must either be victorious or disappear." The worst may be prolonged and bloody struggles break out too late to stop. A great crime has been committed against right and humanity in the Cretan question and the chastisement has now commenced."

TURKS DEFEAT THE GREEKS.

WASHINGTON, April 21.—The Turkish legation has received an official dispatch sent from Constantinople at an early hour this morning as follows:

"The village of Kritokora has been occupied by the imperial troops. The division of Nochad Pasha fought until half past eleven last evening and took possession of all points commanding the plains of Larissa except a hillock, which owing to the advanced hour has remained in the hands of the Greeks; but this point also, surrounded from three sides and exposed to the fire of the Turkish guns, cannot but fall soon in the power of the Turkish army. In these quarters and at Badji twelve prisoners and a great quantity of munitions of war have been taken. The Greeks who were defeated at Milouna Pass fled to Larissa."

The difference in time between Constantinople and Washington (about seven hours) accounts for the receipt of the dispatch sent from Constantinople this morning. It was sent about 9 a. m. Constantinople time.

TOWN BURNED.

DETROIT, Mich., April 21.—The town of Norwood, Ont., was nearly destroyed by fire yesterday morning. Loss, $100,000. Insurance, $40,000.

CRISIS AT HAND.

The Great Flood Now at Its Maximum.

Merchant, Farmer and Laborer Encamped on the Levees and All Business Has Been Suspended.

NEW ORLEANS, La., April 21.—The gauge rose to 19.2 at one time yesterday and the impression along the Louisiana line in view of the subsequent fall, is that the flood were coming on fair day found the people prepared and passed on, nevertheless the crest of the flood wave has not yet been here officially and the river may go higher. The work of the past is as nothing to that going on now. Planters and farmers, laborers and merchants, have abandoned everything else and are camping on the weak spots, nursing them with tender care and holding them against a weight and a mass of water which is almost inconceivable. More material is going out now than ever before, and the activity is superhuman. Miles of new work of box levees, of revetment, of piles of filled sacks and earth have sprung up in every section. Railroads are carrying men and material free, and no money has been yanked by the local boards or the people. Still all the new work is but temporary, only calculated to hold the flood from crossing the levee line, and when the water falls nearly the entire system will need substantial repairs, if not rebuilding.

QUINCY, Ill., April 21.—The Mississippi river at this point is steadily rising. The steamer Harry Hock rescued six families, whose homes in the bottoms north of the city were surrounded by water. At Warsaw, Ill., the Mississippi has passed the eighteen-foot mark and people are leaving for portions of the districts protected by the levees. At Kuithsburg, Ill., the river is at its highest point for several years and the condition of the bottom and island farmers is pitiful.

ST. LOUIS, Mo., April 21.—Here and at points on the Mississippi north as far as Keokuk a rise of several inches is shown. The water at Booneville, on the Missouri, has risen 3 of a foot, but at Kansas City a decline greater than that is registered. Weather Forecaster Frankenfield today predicted that the river at St. Louis will continue to rise slightly, about 37.3 feet being indicated by Friday, also that the Missouri will continue to rise slowly.

KANSAS CITY, Mo., April 21.—The river at Kansas City has fallen three-tenths of a foot since yesterday and is still receding. Although still above the danger mark, no serious damage is resulting. The water is gradually running off the railroad tracks and by another day or two it is believed trouble from that source will have ceased.

ANOTHER BREAK IN LEVEE.

JACKSON, Miss., April 21.—The Greenville correspondent of the Associated Press wires this morning as follows: At 9:30 o'clock this morning the dreadful alarm cry of "levee broke" was reported for the sixth time in the Yazoo-Mississippi delta when the huge eighteen foot levee at Shipland ending, Issaquena county, suddenly crumbled away, letting in with a mighty rush and roar the ponderous torrents of the great river. Shipland is on Promised Land plantation about two miles below Lake Providence, Louisiana. At the the time of the break, back water from the upper crevasses were against the levee two inches deep and many high places around were still uncovered.

Hope was entertained that the worst had passed, and that the fearful flood had spent its fury in the wreck and ruin already wrought. But it was not so. Many fine plantations, upon which partial crops might have been made, must now share the fate of the rest and in all of lower Issaquena, Sharkey and Yazoo counties, where there was a foot of water before, there will now be three feet or more. Places which have heretofore been havens of refuge for live stock and human beings will now have to be abandoned and in a few short days there will scarcely be a dry spot in all the country south of this break and between the levees and the Yazoo river. Whether there will be life lost in the region immediately affected depends upon the question whether the people are provided with boats. In addition to the disastrous local consequences of the break, it will also have the effect of raising the water in the Yazoo river and keeping the stream up at its mouth to such an extent as to retard the outflow of flood water in the upper Delta country.

SIX MEN KILLED

As the Result of a Landslide in British Columbia.

ROSSLAND, B. C., April 21.—As the result of a landslide near Sheep creek, on the Red Mountain railroad, six men were killed and a number of others seriously injured. The men were employed on the railroad. Twelve of them were asleep in camp when a huge landslide 800 feet wide swept over their camp. The dead are: Pat Desmond, Pat Sullivan, Tom Kane, ——— McLaughlen, ——— McFlinn. It is not known just how many are injured, but it is thought none of them are fatally hurt.

Old Veterans Dead.

KANSAS CITY, Mo., April 21.—De Witt C. Taylor, first lieutenant of veteran Company A, Third regt. ment, said to be the oldest national guardsman in America, is dead here aged eighty-two years. He had an enviable record as a scout under General Hancock. He was born near Bath, Me., and belonged to the Second Michigan Volunteer infantry.

AN OPEN RACE.

Hunter's Forces Fail to Agree Upon a Man.

Three Candidates From the Republican Side are in the Race and Sensational Developments are Expected.

FRANKFORT, Ky., April 21.—It was about 8 o'clock last night when Mayor George D. Todd, of Louisville, announced that he was a candidate to succeed Dr. Hunter as the republican nominee for United States senator. Shortly after 8 o'clock this morning he announced that he had withdrawn from the fight, thus ending, after a brief, inglorious fashion, his race for the shoes of Dr. Hunter. Mayor Todd's withdrawal from the race is said to have been due mainly to the fact that the friends of Senator W. J. Deboe had assured Dr. Hunter of his future political death if he violated the pledges of support that he had given to Deboe, as it was understood yesterday afternoon that Todd entered the race with the support of Hunter. Some speculation has been indulged in regarding the votes of Norman, Baird and Steele, the three sound money democrats, who have been voting for Dr. Hunter, in the event of a new nominee on the republican side.

Mr. Baird said this morning he would probably vote for the republican nominee, no matter who he was, if his vote could elect him. Mr. Stout said he would not and that he was in favor of Henry L. Martin. Mr. Norman declined to indicate his course. The race for the nomination is now regarded as an open one, with the chances in favor of Col. St. John Boyle, Senator W. J. Deboe and Judge W. H. Holt. Hunter people are unable to agree on a man to succeed him, which is the sole reason his card of withdrawal has not been made public.

CALLS A MEETING.

3, p. m.—Hunter has just requested the calling of a joint caucus for tonight to receive a communication from him.

When asked this morning why he deserted the field at both so early in the action, Mayor Todd said that last night after he had announced his candidacy he received a communication from the six leading republicans stating that they would as soon vote for Hunter as for him, and that he could not get their support under any circumstances. "Knowing that I could not win without the united support of my party, I determined to at once withdraw," concluded Mr. Todd, "though I am satisfied that I could have secured the nomination for the asking."

Mayor Todd stands closer to Dr. Hunter than any other republican in the state and both hate and are hated by the Bradley people with an undying hatred. He could not obtain the boiling republicans because Governor Bradley would not countenance it, so it is stated that the following card was addressed to the chairman of the republican caucus committee this morning and is Dr. Hunter's formal acknowledgment that he has given up the fight.

"Hon. Wm. Jones, Chairman Republican Joint Caucus.

"SIR:—I shall be obliged if you will call the republican members of the general assembly in joint caucus at the earliest time convenient to receive a communication which I desire to present for their consideration.

Very truly,
W. GODFREY HUNTER."

The caucus will be held tonight.

HUNTER LEAVES FRANKFORT.

Only one ballot was taken today. Senator Jones' call for the caucus at 8 o'clock tonight was read before the adjournment of the joint session, which followed the ballot. Dr. Hunter announced to his friends at the conclusion of the joint session that he would leave Frankfort this afternoon at 4 o'clock. He would not tell even his most intimate friends where he was going, but it is supposed to Washington.

A surprise party was given by Miss Minnie Christie in honor of William Christie on his birthday anniversary. Games and cards were indulged in until late hour. At midnight a delicious supper was served and all enjoyed the delicate viands.

Frederick Boll is registered at the Wayne. Mr. Boll says he comes to Fort Wayne to expose spiritualism scientifically. He may give an exhibition in the near future.

REBELLED.

Natives of Honduras Revolt Against the Government.

American Accused of Instigating the Movement—Emile Sam Gets Native of the Affair.

NEW YORK, April 21.—A dispatch to the Herald from Tegucigalpa, Honduras, says that the news has just reached that capital that Mr. Jackson, an American, has sailed for New Orleans from Puerto Cortez, to purchase arms and to fit out a filibustering expedition. The minister of the Greater Republic of Central America, Senor Rodigenz, at Washington, has been instructed by cable to prevent the selling of the expedition. The government seems displeased at the American minister, who is alleged to have assured the president of Jackson's neutrality. The rebels have been repulsed from several small towns in the south, but have taken without resistance the Puerto Cortes railway and all trains and villages on the route. No attempt has been made to raise a forced loan. The Herald's correspondent in San Salvador also says that advices at hand are to the effect that many American citizens are implicated in the revolt in Honduras.

In an interview a member of the Central American diet said that if the Americans were captured and merited punishment should be meted out, they would soon be claiming the intervention of the United States through the diplomatic channels, which, under the circumstances, should not be granted.

MR. ED CRAW.

May be Fort Wayne's Next Deputy Postmaster.

His Friends are Pushing His Claims and it is Believed He Will be Chosen by Mr. Page.

There has been much gossip as to who would succeed Mr. Frank Kopp, Hunger as deputy postmaster when Elliot W. D. Page was appointed postmaster. THE SENTINEL on state today, on what is believed to be reliable authority, that Mr. Ed. Craw, secretary of the republican county central committee, will probably be the lucky man. It is understood that Mr. Craw's name has been under consideration for some time and that he has finally been slated for the position. Mr. Craw has been an efficient worker in the republican ranks for a number of years and he deserves well of the party. He did not aspire to the deputy postmastership, but rather preferred an appointment as examiner of accounts in the attorney general's office. These places are under the civil service rules and it is believed that the powers that be in the g. o. p., desiring to do something for Mr. Craw, have reached an agreement with Mr. Page whereby he will be selected as deputy postmaster.

FRIENDLY CHAT

Between Judge Taylor and the Man Who is After His Job.

J. B. Keeling Dines With the Fort Wayne Attorney and They Discuss the Misdoings of River Commission.

The Indianapolis Journal today contained the following interesting gossip: "Purely by accident, Judge R. S. Taylor, member of the Muskingum river commission, and J. B. Keeling, who hopes to succeed him in this pleasant sinecure, were seated at the same table at the Denison yesterday at noon. They greeted each other pleasantly and the judge remarked that he had heard rumors that Mr. Keeling was a candidate for his job. Mr. Keeling testified to the correctness of the rumor.

"Judge Taylor said that he had been of a mind to write to him, but had neglected it. He had held the office sixteen years, through two republican and two democratic administrations and did not like the idea of being turned down by his own party. Mr. Keeling, on the other hand, contended that a man who had been in office sixteen years ought to be glad of an opportunity to pass it along to one of his hungry brethren at a time when it was sure to go to a republican and thus stunt out the unwashed democracy for sixteen years more. Judge Taylor had never looked at it in just that light before, and he did not now see the point with the same force that Mr. Keeling did. Thus in perfectly friendly fashion the argument was continued through the meal without substantial results."

VANDALIA CASE.

Judge Woods Decides Against the Vandalia.

Says Suit to Recover Money Alleged to Be Due the School Fund Can be Brought in the State Courts.

INDIANAPOLIS, April 21.—Judge Woods, in the United States court today, decided that the state of Indiana may bring suit in the state courts against the Vandalia Railroad company under an act of the last legislature to decide what amount the railroad company owes to the state on account of the school funds. The court refused to allow the receiver of the Vandalia Railroad company to become a party in the suit, though he may testify as a witness and submit his accounts in evidence. The court refused to allow the state to file an intervening petition to try the case in the federal court, should permission be refused to try it in the state courts, on the ground that the state cannot prosecute its claim in the state court against the railway company itself.

MAROONS WERE EASY

The Fort Wayne Inter-State Team Whitewashes Them.

The Amateurs Did Not Get a Base Hit—Interesting Notes of the Diamond.

The Fort Wayne Inter-State base ball club literally wiped up the earth with the Maroons, a local amateur team. The amateurs practiced well and indications looked bright for a good game, but they seemed to get stage-fright the moment the game commenced and the best they could do was to get four men to first base in nine innings and not one of these ever saw the second bag. These bases were given on errors not a base hit being registered against the twirlers of the professional team. Minnehan Sowers and Wayne handled the horsehide in the box for the leaguers and their delivery was so hard for the Maroons to solve as it is to answer a question correctly in a civil service examination. The trio of pitchers did well, the work of Sowers being high class. He has a graceful delivery and shoots a slow ball over the plate with the same motion that he sends in a speedy one. Yates and Zimmerman pitched for the amateurs and the pitching of the former was very strong and speedy, but his support was sufficient.

When the professional had scored fifty runs they were willing to quit. Score:

	R.	H.	E.
League Team	5	6	2
Maroons	0	0	6

Batteries — Minnehan, Sowers, Wayne and Donavan and Ronsar; Yates, Zimmerman and W. Welch.

TERRAU'S HEN HEATED.

TOLEDO, Ohio, April 21.—The Cleveland National league team was outbatted and outplayed at all points by the Toledo Inter-State club yesterday. Ferguson, with but one day's practice, pitched the entire game for Toledo, while Cuppy and McDermott divided honors for the visitors. Score:

Innings	1	2	3	4	5	6	7	8	9	
Toledo	0	2	0	0	1	4	1	0	0	8
Cleveland	0	0	0	0	0	0	0	0	1	1

Base Hits—Toledo, 18; Cleveland, 11. Errors—Toledo, 2; Cleveland, 1. Batteries—Toledo, Ferguson and Arthur; Cleveland, Cuppy, McDermott and O'Connor. Umpire—Smith.

Dayton seems to have "some pumpkins" of a base ball club. They defeated the Grand Rapids club yesterday for the second time by a score of 3 to 1.

The Springfield club has been christened "The Governors" by the local papers.

All the talk about Hugh Jennings having a sore arm turns out to be untrue. Hanlon says it is a scheme to place a value on Wrigley to say that he wants him to take Jenning's place, and Jennings himself says he never was in better condition in his life than he is this season.

DIAMOND DUST.

McKivitt knocked out the first home run, sending the ball over the left field fence.

J. W. Ely, of Lebanon, Pa., has signed to pitch for Mansfield. He pitched for Detroit in 1896.

Funkhouser had five hits, Cooke, Klum and King four each. The captain had two two-baggers.

Stahl scored the first run of the season for Boston and he didn't go into the game until the ninth inning. This is a good beginning.

There will be no more games in Fort Wayne until the opening of the championship season next Tuesday, when Strobel's Mad Hens will be here.

Wheeling and Springfield will open with grand street parades and concerts next Tuesday. The mayor of Wheeling will pitch the first ball over the plate.

Russo has finally signed with the New Yorks and the Giants' stock will take quite a boom. In Reate, Meekin, Rad Clarke and Doheny New York has the best-pitching talent in the league.

President McKinley will attend the opening of the National league season in Washington tomorrow, and from his private box will throw the first ball to the umpire. The president is a lover of the national game.

Mansfield says that the Yawpers from Youngstown, the Yanogans from New Castle, the Mad Hens from Toledo, the Old Soldiers from Dayton, the Indians from Fort Wayne, the Mallers from Wheeling, and the What Is Its from Springfield, will turn pale and give up the ghost when they tackle the Haymakers of Mansfield.

The new M. E. church at Decatur, costing $25,000, one of the handsomest houses of worship in northern Indiana, has been dedicated. The contributions exceeded $7,000, $1,000 more than than was needed for the indebtedness of the church. While seeking subscriptions Dr. Breese, for a song recital at the Temple next Saturday evening, at a great expense, and will give to the local music loving public a recital, the like of which has never been heard before in this city. This musical organization represents in its make-up the culture and intelligence of our city, and its object and aim is to advance the art of music among our people and at the same time present from time to time musical attractions of the highest order, with the lowest possible expense. What they have done in the past is familiar history. What they will do in the future is evidenced by the attraction announced for Saturday evening, Mr. Plunket Greene, one of the greatest basses of this generation. The sale of seats for this extraordinary attraction opens at the box office tomorrow morning at 9 o'clock, and it is expected that the major portion of the house will be sold before evening.

MUNICIPAL AFFAIRS.

Park Committee Favors Raising the Soldiers' Monument.

Recommend An Appropriation of $300—A New Ordinance Being Prepared.

The council committee on parks held a meeting in the city clerk's office last evening and discussed matters relating to improvements in the parks of the city. They considered the petition of citizens favoring the raising of the soldiers' monument in North Side park and decided to recommend an appropriation of $300 to be expended in making the change. The improvements contemplated will make the North Side park the handsomest in Fort Wayne.

A NEW ORDINANCE.

Clerk Schmidt, of the board of public works, is preparing a new ordinance, which may be introduced at the next meeting of the city council. The ordinance will compel the gas companies and the waterworks department to take out permits when taps are made into lots and mains laid across the streets. The board has had considerable trouble in locating responsibility whenever they found an excavation which had not been properly filled, and it is believed the proposed ordinance will make it possible to at all times locate the blame.

THE NEW WELLS.

Bids for the new foot wells to be sunk by the waterworks trustees will be opened next week, April 30.

SAVED TWO LIVES.

Mrs. Sommers and Grandson Pulled From a Deep Cistern.

The Last Fell in and the Grandmother Jumped in After Him—James Hughes is the Rescuer.

Elizabeth Sommers, aged sixty-eight, and her grandson, Harrison, narrowly escaped death from drowning this morning at the lady's home, on Walnut street. The boy, who is only three or four years old was playing about the yard, when his curiosity induced him to lift up the cistern cover and peep in. He lost his balance and fell headlong into the water. The grandmother, Mrs. Sommers, saw him fall and in spite of the three score and eight years which have passed over her head she determined to save the lad and jumped into the cistern after him. James Hughes, who lives in Lakeside, happened to be passing at the time and hurried into the yard to render any assistance possible. The cistern was deep, far over Mrs. Sommers' head, and it was full of water. The lady could not save herself, let alone helping the grandson, and it was only by almost superhuman efforts that Mr. Hughes pulled them both from the cistern. The woman and child were soon recovered and Mrs. Sommers was profuse in her thanks to the rescuer.

GOT THE THIEF.

Detective Sommers Rounds Up a Tough Gang of Tramps

And One of Them, It is Believed, is a Petit Thief—Ward's Overcoat Found on Jack O'Neill.

This morning Detective Sommers, of the Pennsylvania railway, rode out to Adams and walked back along the tracks and rounded up a gang of tramps along the railway. He had seven in tow when he reached Fort Wayne, and they were all locked up. One of the fellows, who gave the name of Jack O'Neill and claimed Canada as his home, wore a pretty nice overcoat, which it was believed he had stolen. The clerk at the Berghoff brewery called at the police station and identified O'Neill and another of the gang, Frank Gonzalies, as the two fellows who wore at the Berghoff brewery yesterday. He also said that the overcoat worn by O'Neill was the property of L. D. Ward, who had two coats stolen from the brewery yesterday.

John Boylan, the restaurateur, at 263 Calhoun street, visited the station and reported that he had been robbed last night of an overcoat and $6 in money, he supposed by a stranger who stopped at his place. Mr. Boylan took a look at the prisoners brought in by Detectives Sommers and pointed out O'Neill as the fellow who stayed with him last night and whom he suspected of having committed the theft. O'Neill is thirty-one years old and denies that he is guilty of stealing. He claims to have purchased the overcoat at the big John Wanamaker store in Philadelphia. The gang is being held and will have a hearing in the morning.

THE MORNING MUSICAL.

Present the Eminent Irish Bass, Mr. Plunket Greene in a Song Recital.

The Morning Musical, whose public entertainments are a standard of emulation, and to which it is an honor to be invited, have engaged the eminent Irish basso, Plunket Greene, for a song recital at the Temple next Saturday evening, at a great expense, and will give to the local music loving public a recital, the like of which has never been heard before in this city. This musical organization represents in its make-up the culture and intelligence of our city, and its object and aim is to advance the art of music among our people and at the same time present from time to time musical attractions of the highest order, with the lowest possible expense. What they have done in the past is familiar history. What they will do in the future is evidenced by the attraction announced for Saturday evening, Mr. Plunket Greene, one of the greatest basses of this generation. The sale of seats for this extraordinary attraction opens at the box office tomorrow morning at 9 o'clock, and it is expected that the major portion of the house will be sold before evening.

TWO FORGERS OFF.

Everett and Harshberger Sent to Jeffersonville.

Sheriff Must Now Take a Lunch Basket With Him.

Two Divorces Granted in the Courts—Marriage Licenses—Real Estate Transfers.

Sheriff Moleshing and County Clerk McIntyre will leave this evening for Jeffersonville with Percy Everett and William Harshberger, both of whom were convicted of forgery in the circuit court and whose sentences will be fixed by the board of control of the prison south, according to the new law passed by the legislature. They are the first prisoners taken from this county under its provisions.

Sheriff Moleshing and Clerk McIntyre will take with them a loaded basket of edibles, consisting of cheese, crackers and bologna. Under the law all that the sheriff receives for taking prisoners to the penitentiary is mileage at three cents a mile, not being allowed anything for meals en route, so that by the time he has paid for the meals of the prisoners and himself he will be considerable out. Should he start from here in the morning he would would be compelled to purchase dinner and supper for the prisoners and lodging and meals for himself and the accompanying guard at a hotel. The law is an unjust one to sheriff's, as their prison trips mean a loss of money to them.

Sheriff Moleshing makes the trip this time in order that he may study the shortest route. County Clerk McIntyre goes for the purpose of making arrangements for securing a supply of milkmaids.

TWO DIVORCES GRANTED.

In the circuit court this morning Judge O'Rourke granted Lulu E. Cummins a divorce from Joseph D. Cummins. The plaintiff was restored to her maiden name, Hottinger. The judge also entered a decree giving Laura Davis a divorce from Eli Davis.

MARRIAGE LICENSES.

Now that the Lenten season is over, County Clerk Metzger is busy issuing marriage licenses. The following have just been issued:

Albin Stark and Mary Riedel.
Benjamin Ferguson and Rosa Lehr.
Frank E. Stoddard and Olive L. Race.
Frank Polson and Carrie Rathgut.
Albert E. Stapleford and Zula Moore.
J. Elwin N. Dilich and Mary E. Rogers.
Walter S. Thompson and Lizzie A. Brown.
Henry Lothamus and Helena Conversor.

Ohio Baking Powder Tests.

Gen. S. H. Hurst, Food and Dairy Commissioner at the time of the official analyses, writes of

Cleveland's Baking Powder

"The analyses and comparisons of the best eight brands of cream of tartar baking powder show that Cleveland's Superior Baking Powder is the purest in cream of tartar, and highest in gas product, or leavening power, and leaving no unwholesome or injurious chemicals. It is absolutely the best and most desirable baking powder manufactured."

Our weather this spring is a good deal like a bad debtor. It is slow in getting settled.

Colonel General Sam Mouse will return from France about May 12th and resume his duties as editor of the Indianapolis Sentinel.

A battle of three hours' duration, with 60,000 men engaged, which results in a loss of only 200 men, suggests that both the Greeks and the Turks are afraid to get close enough to each other to see whether they are shooting at soldiers or fence posts.

Lieutenant Peary announces that he has secured $150,000 and will try again to reach the pole, this time by a sledge journey, from an established base. Lieutenant Peary intimates that months and perhaps years may be consumed in those journeys northward, so that unlicensed cab keep their seats for the present.

The republicans with their usual conscious aptitude for office are doing all in their power to oust M. V. B. Spencer, of this city, from his position as state pension agent, and have trumped up charges of undue activity in politics against him. Mr. Spencer's four-year commission does not expire until next February, but, although he is making a splendid official, there is every reason to suppose that he will be ousted long before that time.

The Connecticut legislature has killed a bill providing for plurality elections in that state. At every session such a bill is offered, and always meets with the same fate. The land of steady habits refuses to depart from its ancient customs and clings religiously to the plan of requiring a candidate for office to secure a majority of all the votes cast in order to secure election. The system is cumbersome, causes much trouble and entails expense that might well be saved. But none of these things seems to have any weight with the average Connecticut legislature.

The Flurry in Wheat.

The war flurry furnished the wheat speculators the occasion for a jubilee and cornerers thine, of which they availed themselves to the utmost. A war, even a little one, doesn't occur often in this peaceful age, and the wheat bankers made the most of their rare opportunity. It was purely a speculative market, however, and closed lower than it opened, the day's fluctuations being about four cents on a bushel.

Wheat may go permanently higher, for the outlook for the new winter wheat crop is said to be bad; but if it has a decided jump it will be due to the crop prospect and not to the war. Turkey and Greece combined cut a small figure in the matters of the world's wheat markets, and so far as they are concerned it will make little difference in the price whether they fight or loop the peace.

If the Turco-Grecian quarrel should involve the balance of Europe in a war then wheat would take a jump. This is the remotest possibility to furnish a safe basis for present speculation in wheat.

Armies of Greece and Turkey.

It is not easy to gather from the published reports the exact numerical strength of the two armies that are confronting one another at the northern frontier of Greece, although it is evident that the force which Greece can put in the field is sadly disproportionate to the military resources of the Turks.

The nominal strength of the standing army of Greece with the reserve force that can be rallied into service to put it on a war footing is given as follows:

Infantry	9,462
Cavalry	1,200
Artillery	1,200
Engineers	300
Commissariat service	700
Military schools	200
Gendarmerie	1,000
Total standing army	13,962
Reserves	19,000
Provincial army	10,000
Total	42,962

Those figures accord with the current estimates which put the present fighting force of the regular army at 80,000 men.

The Turkish army has a complete organization on a peace footing which is filled out when required by calls upon the reserves. The best available authorities justify this table of the minimum and maximum force for effective service:

	Peace.	War.
Infantry	78,300	282,000
Cavalry	20,000	52,000
Artillery	5,000	14,000
Engineers	1,500	4,000
Gendarmerie	25,000	25,000
	130,000	387,000

Including the two classes of reserves, however, the Redif and Mustahfiz, and the Bandilian cavalry, the total fighting strength of the Turks foots up 1,105,800 men, which is the exact equal to the whole male population of Greece.

THE CITY'S HEALTH.

Only Two Cases of Contagious Diseases in Fort Wayne.

It is a Good Showing for a City of 50,000 Inhabitants and Citizens are Proud of It.

Today the health records of the city show that there are at present only two cases of contagious diseases in the city.

One of these is a case of diphtheria at No. 1 Hoffman street and the other a case of scarlet fever at No. 90 Wall street. It is a remarkable showing for a city of 50,000 inhabitants and one that is seldom equalled. It is an indication that the health authorities are care in the isolation of cases and that they are strict in enforcing sanitary regulations.

DR. PRICE'S Cream Baking Powder

World's Fair Highest Award.

Official Pie-Plate Showing Both Sides of World's Fair Medal Awarded Price Baking Powder Co.

This should settle the question of the World's Fair award to Dr. Price's Cream Baking Powder. It is a shallow subterfuge of a would-be competitor of this company to continue advertising as it has been doing, that "No baking powder received an award over it at the World's Fair," when as a matter of fact, it was not even an exhibitor—as the following statement from the chief of awards proves.

J. S. Browning, chief of awards, makes the following declaration: "Neither the records of this department nor the official catalogue show that the Royal Baking Powder was an exhibitor, consequently it could not receive an award." Such duplicity amounts to nothing more nor less than deliberate fraud.

With all their claims no medal is shown.

Dr. George C. Stonen has returned from the bedside of his father-in-law, D. W. Nickey, who is critically ill at home near Churubusco, and he reports a serious fire which happened on the Nickey farm last evening. Several live stock sheds, in which there were seventy-five head of sheep caught fire and before the frightened animals could be driven to safety the flames had gained such headway as to make it impossible to render aid. The poor beasts were roasted to death.

From Leslie's Popular Monthly for May.

America has its castles as well as European countries, and those on the Hudson river have an interesting story in a way as the famous buildings on the Rhine. John P. Ritter tells this story in a liberally illustrated article entitled "Some American Castles." In the May number of Frank Leslie's Popular Monthly. The "Fair Maids of Morocco" are pictured and described by Frederick A. Ober in the same number. Another important article is Okpon's Three Investors of Corea," by Tetichi Yamagata, a relative of the great Japanese marquis. It is accompanied by many excellent pen-and-ink drawings of views in Japan and Corea. The attraction series of papers on "American Universities and Colleges" is continued with an article on the University of Minnesota, by John Cochrane Sweet. A well known Russophile, Marian F. Gill, tells in an interesting way "What Russophobe Means." There are articles on, "Constantinople's Streets," "The Mythical Manor," "Cats and Cabmen," "Two Arabian Weddings," etc., and a number of short stories, including one by the new and promising writer, John J. A. Bodick. A new serial story, entitled, "The Castaway," by Frederick B. Barton, begins in this number, and its opening chapter give indications of a stirring and powerful novel. The always entertaining young folks' department and the bright paragraphs of the Leslie Portfolio are continued. — Frank Leslie's Publishing House, New York.

Miss Helen Hay, daughter of Colonel John Hay, ambassador of the United States to the court of St. James, will contribute to the May Century a sonnet entitled, "Days to Come." General Horace Porter, the new ambassador to France, will continue his "Campaigning With Grant," his special topics being Grant's equanimity and his treatment of his generals; together with a minute account of Grant's experiences in the field at the time of the explosion of the Petersburg mine.

WHERE MINES GROW.

Of late years silver production has outstripped gold. A different condition of affairs exists in the renowned Kootenai country. While silver predominates in some localities there, yet the streams have placer gold in paying quantities, and at Rossland, in the Trail district, gold is king. Copper and iron are found and coal also, at some places.

The recent development of this region and of that contiguous thereto in Washington, has been phenomenal. Mines of exceeding richness, from the grass roots down, have been opened all over the mountains; railroads have been built into and through the country; steamboat lines on the lakes and rivers have been increased and expanded, and towns sprang up as if by magic.

This country is good for rich or poor, the climate is mild and bracing, and the scenery grand beyond description.

Among the prominent mining camps are Rossland, Nelson, Ainsworth, Kaslo, Slocan, Salmon River, Caribou and Deer Park.

The mountains are well timbered, rendering fuel cheap, and living expenses are reasonable.

Smelters are located at several points contiguous to the mines.

The year 1896 witnessed a wonderful emigration to the Kootenai country, and it will be eclipsed by the record of 1897.

The direct route to this land of gold, from the east, is via the Northern Pacific railway to Spokane, Wash., and Spokane Falls and Northern railway from that point north.

West of the Rossland region lies the Boundary Creek country—practically a continuation of the former—and very rich promise lies as yet of meager development. South of the Boundary line, in Washington, is the "Reservation" country, a land also of promise.

A full description of the Kootenai region can be obtained by sending to Chas. S. Fee, Gen. Pass. Agent, N. P. Ry., St. Paul, Minn., for their new Kootenai folder and elaborate relief map. This is the best map published of the Kootenai. m20-tf

RUSIE SIGNS.

Terrible Freedman Culminates in the Big Rooter Pitcher.

New York, April 21.—President Freedman, of the New York baseball club, last night announced that Amos Rusie, the big Hoosier pitcher, had signed a contract that would be with the giants when the season opens.

Strange to say Mr. Freedman did not seem to be as happy as one might expect. The reason was pretty generally known, however, and Mr. Freedman received few congratulations on his "victory." The facts are that Rusie was paid his salary in full for last year—$3,000—and was given an assurance that if he would sign the contract for this year for $3,400 he would have the difference made up to him by the same persons who made good the $1,000 for last year.

How much of this comes out of the treasury of the New York club it is hard to say, but this much is known: While the general public is to suppose that the surrender has been made by the player the facts are not in accord with that. Mr. Rusie gets much the better of the compromise.

Indianapolis, Ind., April 21.—Amos Rusie stated positively last night that he had signed a New York contract and had forwarded it to President Freedman last Monday. Rusie has left for New York. He has been practicing at the local park for several weeks, and is in excellent condition.

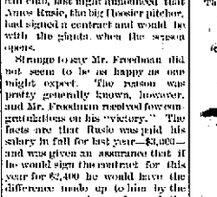
PICKED UP ON BROADWAY.

A True Incident.—A woman was picked up in the street in an unconscious condition and hurried to the nearest hospital. On examination her body was found to be covered with sores caused by the hypodermic injection of morphine.



This mere wreck of a woman had once held an honorable and lucrative position in a large publishing house in New York. Her health began to fail. Instead of taking rest and medical treatment, she resorted to the stimulus of morphine.

The hospital physicians discovered that her primary trouble was an affection of the womb, which could readily have been cured in the first stages.

If, when she had felt those severe pains in the back, the terrible headaches, the constant sense of fullness, soreness and pain in the pelvic region, she had used Lydia E. Pinkham's Vegetable Compound, it would have thoroughly rooted out that polypus in the womb, and to-day she would have been a well woman sitting in her office.

Why will women let themselves go in this way? It seems passing strange that a woman like this one, so well placed, should have depended on morphine, instead of seeking a rational cure.

There is no excuse for any woman who suffers—she need not go without help. Mrs. Pinkham stands ready to help any woman; her address is Lynn, Mass. Write to her. It will cost you nothing, in the meantime get a bottle of Lydia E. Pinkham's Vegetable Compound at the nearest drug store. The following letter from one of your sisters will encourage you:

Mrs. Bertha Lehman, No. 1 Belo St., 25th ward, Pittsburg, Pa., writes to Mrs. Pinkham: "I am hardly right words with which to thank you for what you have done for me. I suffered nearly seven years with backache and sideache, leucorrhœa, and the worst forms of womb troubles.

"Doctors failed to do me any good. I have taken four bottles of Lydia E. Pinkham's Vegetable Compound and one box of Liver Pills, and am now a well woman. I have not had one bad day in the months since I began using your Vegetable Compound to my friends. Again I thank you for the good health I am enjoying."

The Flowers That Bloom in the Spring.....

HAVE NOTHING TO DO WITH THE CASE.

But That.....

SPRING SUIT HAS.

If you haven't one of OUR NEW SPRING SUITS you won't be in it.

Have you seen those new brown plaids and checks in Men's and Boys' Suits? These are made in sack coats only, four-button fronts, six-buttoned vest and trousers in the latest style. They are positively the latest style and come in Scotch cloth exclusively. We have in our enormous line of these suits, all brand new, at prices ranging

From $4.00 to $16.00.

For dress, for special occasion or for Sunday wear, the plain black Clay Suit is undoubtedly the proper thing. These suits are made in either sack or frock coats without binding or braid; are strictly all wool and fast color. Many cheap imitations are made, but we guarantee ours to be all right. They range in price

From $7.50 to $18.00.

In Children's Suits, styles and prices are varied. Scotch cloths have decided preference. For children from 3 years to 8 years, the Reefer Suit and the Junior Suits are the most desirable, but for the older boys, the plain double-breasted coat devoid of all useless and fancy work, is the style. We carry an immense line of these goods at prices ranging

From $1.50 to $7.00.

SHOP AND RAIL.

The New Spoke Factory Ready for Business.

Accidents, Incidents and Personal Mention of Men and Affairs in the Railroad Centers.

The Fort Wayne Spoke company, of which Messrs. W. S. Spohnhaur and C. M. Crim are the heads, has commenced the purchase of timber and as soon as the country roads are in good shape they will do considerable in that line. There is an abundance of good spoke material in this section of the country yet, and the owners, judging from the number of inquiries the spoke company is receiving, are anxious to sell it. Yesterday Messrs. Spohnhaur and Crim removed the spoke machinery from the Stan lard Wheels works to their factory in the east end and the same is now being set up and gotten in shape for operation.

TWO RAILWAY MEN MARRIED.

Yesterday afternoon, at the home of the bride's parents, Mr. and Mrs. Moore, 382 West Main street, occurred the marriage of Miss Edith Moore to Albert E. Stapleford. The ceremony was performed at 4 o'clock by Rev. J. S. Ainslie, the pastor of the Plymouth Congregational church, in the presence of the friends and relatives of the contracting parties. The young people left on an early train for Buffalo on their wedding trip. Mr. Stapleford is a clerk in the Nickel Plate freight house and is a son of Charles Stapleford, foreman of Nickel Plate car inspectors.

At the pastor's study of the Congregational church yesterday afternoon Rev. J. S. Ainslie united in marriage Miss Louise M. Parvin, of this city, and Mr. William H. Lowe, of St. Paul, Minn. The groom is prominent in railroad circles, being passenger agent of one of the western roads. Mr. and Mrs. Lowe left on an early evening train for St. Paul, which place will be their future home.

BRIEF MENTION.

Sickness keeps C. Ripple, a tinner in the Pittsburg shops, from his work.

T. J. Kuehor, the stenographer, has gone to Chicago on business for the Pennsylvania company.

Henry Newland, a machinist, has taken the place in the Ross shops which he vacated about six months ago.

A large, new manufacturing interest that is being quietly organized, will be ready for announcement in a few days.

The Vandalia is running its large freight locomotives as well as its passenger engines through between Indianapolis and St. Louis.

Manager A. G. F. Wishman, of the Anthony Wayne works, started out on a business trip this morning. He will probably go to St. Louis before he returns home.

After a painful siege with the rheumatism, Engineer Daniel McFee has resumed his duties on the Nickel Plate. He was disabled nearly two months.

Yesterday M. Moran, a Nickel Plate brakeman, fell off a car and received some painful wounds upon his head. He will not be able to work for a few days.

The shipments of steel rails last month from the Edgar Thomson steel works exceeded in tonnage any month in the history of the works, the shipments being over 45,000 tons.

Born, to Mr. and Mrs. Joseph Junk—a girl. The father is employed in the Pittsburg blacksmith shop and is the fifth man in that establishment who has been similarly blessed within the past ten days.

Engineer and Mrs. William Swartz left today for Kalamazoo to spend a few days.

Uncle Jimmy Howes is able to get down to the shop again, after a siege with his old enemy, rheumatism.

Mr. Brown, who is chief clerk in General Foreman Hunt's office in Chicago, is here on business for the Pennsylvania company.

Mr. and Mrs. John Smith, of 21 Buchanan street, have now daughter at their home. Mr. Smith is car builder at the east car shops.

John Auer and C. Rosenberger have exchanged places and the former is now working in the machine shop, while the latter has gone to the east shops to work.

Theodore Bloy, of the east yards switching force, left on No. 29 today for New York, where he will attend the funeral of his nephew. Mr. Bloy received the news of the death of the young man yesterday by telegraph.

Thomas Albright, Nickel Plate fireman, has returned to the city and reported for duty. Some days ago Mrs. Albright went to South Whitley to visit her mother and while there was taken violently ill and Mr. Albright was summoned to to her bedside.

All rail east-bound shipments of dead freight from Chicago amounted last week to 56,974 tons, against 51,-650 tons for the corresponding week last year. The regular opening of navigation for the season was noted by the Lake lines taking out 122,977 tons, the great bulk of which was grain.

Conductor J. A. Shea has taken his place in the Nickel Plate train service again, after an absence of two weeks on account of the serious illness of his wife. The lady, who at one time was near death's door, is now slowly recovering and will eventually regain full health. At least that is the hope of her numerous friends.

W. Wilmoyer, Nickel Plate brakeman, who had a knee injured three weeks ago while attempting to get on, the steps of a caboose, has reported for duty. Other brakemen who reported for duty yesterday are H. Dubody and J. Auth. The latter had the misfortune to badly sprain his back a week ago.

All the clerks in the east shops and a good many of those in the shops and offices down town attended the reception given last evening at the home of Mr. and Mrs. Marquardt, two miles east of Monroeville, in honor of their son and his bride, Mr. and Mrs. Daniel Marquardt, who were married Monday evening, as mentioned in these columns yesterday. The clerks came home this morning on No. 15. They say they were most royally entertained.

Indianapolis Journal: "One of the reasons preventing the Pennsylvania system west from paying as large dividends as some other lines has been in the enormous amounts appropriated for improvements during the last five years. In 1892 the Fort Wayne improvements, including the strengthening of the main line between Jaintain and East Palestine, the extension of double and triple tracking and other improvements, cost the road something over $2,000,000."

A System Builder

Is needed by everyone at this season of the year. The lack of energy, and depressed, listless feeling which takes possession of the system every Spring is caused by a sluggish, impure condition of the blood. The blood needs cleansing and purifying so that the unpleasant effects of Spring will be obviated. A few bottles of S. S. S.

Swift's Specific

will prove the best system-builder to be found. It will purify the blood, give tone to the stomach, renew the appetite, and add strength and vigor to the entire body. Being purely vegetable it is the best tonic on the market, as it is the only blood remedy guaranteed to contain no arsenic, potash, mercury or other mineral ingredient. Everybody knows how injurious these drugs are to the digestive organs. Insist on S. S. S.

SSS

There is Nothing Half as Good!

FACTS WITH POINTS.

Every One of These Statements Absolutely True.

Mr. A. W. Shearer, 41 Prospect St., Indianapolis, Ind., says: "Gratitude prompts me to write that Stuart's Dyspepsia Tablets completely cured me of Nervous Dyspepsia from which I had suffered for the last four years. I had tried many remedies without results, but am now cured and have gained in flesh, sleep well and have none but words of praise for Stuart's Tablets."

Mrs. Sarah A. Sheets, Lynnville, Iowa: "It has been six months since I took Stuart's Dyspepsia Tablets and am fully cured. Have not had a particle of distress or difficulty since. This is in the face of the fact that I had suffered from stomach trouble for twenty-five years and was pronounced incurable by the doctors."

James Newmeister, Eau Claire, Wis., says: "Two 25 cent packages of Stuart's Dyspepsia Tablets did me more good than any remedy I had ever before tried. They let the food with me and I once more have an appetite and can eat what I please without fear of distress and bloating afterward."

Dr. Harlandson relates the case of Miss Helen Shirley, of Nashville, who was cured of dyspepsia and gained 18 pounds in weight after suffering from stomach trouble for eight years. The doctor uses them in all stomach troubles because they are not a secret patent medicine, but contain pure pepsin, Diastase, fruit acids and valuable digestives, which digest the food whether the stomach works or not, giving the over-worked rest and a cure is the natural result.

Dr. Jennison says nine-tenths of disease is caused by malfunction and Stuart's Dyspepsia Tablets is the safest and best cure because they are not a secret patent medicine, but contain the valuable digestive principles possessed by every weak stomach and a child can take one and not hurt a child, being absolutely harmless.

All druggists sell Stuart's Dyspepsia Tablets at 50 cents per package.

Send to Stuart Co., Marshall, Mich., for little book on symptoms and treatment of stomach troubles.

The Twentieth Century club last night elected the following officers: President, John Brunskill; vice presidents, John Bloom and Joseph Lang; recording and corresponding Financial secretary, M. B. Johnson, secretary, Richard Hirst; treasurer, J. E. Mick. It was decided that the club should give a dance on the evening of April 29. Only new member was added to the roster.

Fort Wayne lodge No. 116, Knights of Pythias, gave a social and supper in their lodge rooms last night, which was attended by about 100 members. Rev. C. C. Cissell addressed the lodge and discussed the work already done and still to be accomplished. After he had completed his talk the company retired to the dining room, where the guests enjoyed a most palatable repast. O. N. Heaton was toastmaster and responses were made by Messrs. Heiney, Emrick, Frank, Smith and Young. Everybody enjoyed themselves and are confident the lodge will continue to grow in the future as it has in the past.

The sale of seats for Plunket Greene opens at the box office Thursday morning, at 9 o'clock. Mr. Greene gives a song recital at the Temple next Saturday evening, under the auspices of the Morning Musical, and the occasion will be the social and musical event of the season. The Boston Herald says of Mr. Greene: "The beautiful resonant tones of his voice, the rich flavor of sentiment he imparts to his national ballads are delightful. It was worth a day's journey to hear 'The Zephyrs Blest,' and that stirring tune 'Patrick Sarsfield,' rolled out by a voice so mellow and ringing as this son of Erin possesses. If Tom Moore sang those melodies half so well, his fascination might well be imagined at the distance of nearly half a century."

Will Peltier and Marion Black were today enjoying themselves riding a "Companion" bicycle. The wheel is an unique affair and is bound to become popular. The bicycle carries two, but indeed of riding tandem the couple ride one on each side of the wheel.

Father George Lauer, formerly of this city, who has been stationed at Goshen for some months, will be transferred to another parish May 1. Father John Dregan, who was compelled to relinquish pastoral work on account of his health some months ago, will succeed Father Lauer at Goshen.

A new front will shortly be put into the vacant store room in the Foster block, on Court street, and the space inside divided by wire railing into eight desk room offices. First floor offices of this kind are very popular in the larger cities. The rent is inexpensive and the business of one tenant helps that of the other.

The old Bob o'Link club held a reunion last night at the residence of Mort Braun, 393 East Jefferson street. Old times were discussed, old friendships renewed and old songs sung, and then a toothsome repast was enjoyed by the guests. The members of the Bob o'Links in olden times were a jolly crowd and these annual events are greatly enjoyed by those who are lucky enough to be present.

The excursion to New Orleans given last night by the social department of the Berry street M. E. Epworth league was a very pleasant affair, judging from the looks of the crowd. A large number of Hoosiers took advantage of the low rates. The train was in charge of Conductor Ora Richards and Brakeman Lysander Rock, the only unruly person being an old, colored lady, who was put off the train several times.

Manager O. L. Perry is making arrangements to place a telegraph instrument at the ball park during the coming season. He has recommended to the Western Union company that such a wire be placed for the accommodation of business men who may desire to attend the games. A wire at the ball park in Fort Wayne would be quite an innovation, but there is no doubt that it would be appreciated and the revenue therefrom would be considerable.

The marriage of Mrs. Emma H. Newton to Dr. W. B. Knapp was solemnized last Wednesday evening at 8:30 o'clock at Portland, Oregon, the Rev. Arthur W. Ackerman, pastor of the First Congregational church, officiating, assisted by the Rev. J. J. Staub, of Sunside church. The bride resided at Portland. The groom was formerly a practicing dentist in this city but is now located in Portland. He was a son of Dr. Isaac Knapp and as Will Knapp had hosts of Fort Wayne friends.

KOUMISS is without doubt the finest beverage in the world, relished by the sick and well, but to the invalid or convalescent it is a boon. It is borne well by the stomach when no other food can be taken. Many physicians in various parts of the country are now living entirely on it, as an exclusive diet, and I can produce scores of letters from both physicians and patients endorsing its wonderful curative properties in the highest terms. Dyspepsia is often cured by the use of Koumiss. Consumption it cures in the first stage of the disease. Particularly efficacious in bowel complaints. Put up in pint bottles and delivered to any part of the city. Leave orders at 1 E. Berry St., corner Clinton. BRUGGEMAN.

This is the day of specialties. Our specialty is Enlarging Photos; our motto is high grade portraits finished and executed in the highest style of the art—perfect satisfaction guaranteed.

Portraits in Crayon, Pastel, India Ink, Oil and Water Color.

This is an expensive and experimental advertisement, but we feel confident that it will be profitable, as our difficulty is not found in holding customers but in getting them to give our work a trial. We'll give you opportunity to get fine Crayon Portraits at a small fraction of actual value. Bring in your orders now, as this offer is for 30 days only. Commencing April 19th, and to May 19th, a fine Crayon Portrait and beautiful frame for the low price of $2.50, former price $5.00.

One dollar's worth of goods for two dollars worth of money is the penalty you pay for buying Furniture and Carpets of Installmen Stores.

DOES IT PAY?

If ours was not almost entirely a cash business we never could sell goods at the prices we do.

If you need a little credit on a part of your purchase, come and see us, for rather than have you pay such ruinous prices we will try and accommodate you.

Proposal to Receive Bids for Sale of Property.

I will receive sealed proposals for the purchase of lots No. 91, 92 and 93, Wallace's addition to the city of Fort Wayne, being known as the Third ward school property, at the south side of Jefferson and Harrison streets, fronting 80 feet on each street by 132 feet deep to alley.

Sealed proposals will be received at my office until 12 o'clock m. noon, on the 22nd day of May 1897.

The purchaser is to take the lots and disturb buildings. We reserving from said sale the privilege to remove the school house and books belonging to the district. We also reserve the privilege of redeeming at any time.

Parties bidding for this property will please state whether they will pay cash or time for the property. Deferred payments to be secured by mortgage on the property, at six per cent. interest, payable annually.

S. C. LUMBARD,
